51 Williams Court - Kettleby, Ontario L0G 1J0

Congratulations on your decision to purchase in this great development. It looks like your neighborhood is going to be fantastic.

I would like to introduce myself. I am a locally based professional handyman, and have been installing and setting up a lot of the appliances such as dishwashers, icemakers, washer / dryers, microwave / range hoods and flat screens in other new developments.

I have also started doing some upgrades: lighting, back splashes, garage door openers, and ceiling fans.

Give me a call when you are ready to have work done on your new home.

I am always willing to visit and discuss your improvement project.
